

## BRAKE CALIPER

### MATERIAL

### HARDNESS

Special spray paint for brake calipers, disc centers and other visible parts. Leaves a glossy heat resistant surface, which inhibits rusting. Instructions: Clean the surface with steel brush or sandpaper if necessary. Remove dust, grease and other contaminants. Protect areas outside the object. Shake the can for about 3 min. Spray from about 20 - 30 cm distance. Spray first a very light thin coat, wait for 60 seconds and repeat.
